Nationality: Egyptian

Professional Profile

Ahmed Reda Mohamed (Member, IEEE) received the Ph.D. degree in Electronic Science and Technology from Shanghai Jiao Tong University (QS: 36), China, in 2021, where he conducted research at the MoE Key Laboratory of Artificial Intelligence. He is currently a Postdoctoral Fellow with the Interdisciplinary Research Center for Communication Systems and Sensing (IRC-CSS), King Fahd University of Petroleum and Minerals (QS: 63), Saudi Arabia. He received the **IEEE ISSCC 2022 Student Research Preview Poster Award** and the **KFUPM Postdoctoral Excellence Award (Runner-up with Distinction, 2025–2026)**. He has authored more than 20 peer-reviewed journal and conference publications and holds multiple patents. He has also secured competitive research funding through IRC-CSS and KFUPM internal research programs

Research Expertise and Interests

- Low-power VLSI and SoC design (analog and mixed-signal CMOS ICs)
- Biomedical and bio-signal acquisition front-end IC design
- Embedded hardware for IoT and biomedical systems
- Automated EDA frameworks for analog IC design

Work Experience

Postdoctoral Fellow (Full-Time) <i>King Fahd University of Petroleum & Minerals (KFUPM)</i>	Sept 2024 – Present <i>Dhahran, Saudi Arabia</i>
Assistant Professor (Part-Time) <i>University of Hertfordshire (UH)</i>	Sept 2023 – Sept 2024 <i>New Capital, Cairo, Egypt</i>
IC Designer and CAD Tool Developer <i>Efabless</i>	June 2022 – March 2024 <i>USA (Remote)</i>
Assistant Professor (Part-Time) <i>Egyptian Chinese University (ECU)</i>	Feb 2022 – Sept 2024 <i>Cairo, Egypt</i>
Assistant Professor (Full-Time) <i>Zagazig University (ZU)</i>	Sept 2021 – Sept 2024 <i>Zagazig, Egypt</i>
Ph.D. Researcher (Full-Time) <i>Shanghai Jiao Tong University (SJTU)</i>	Sept 2016 – Sept 2021 <i>Shanghai, China</i>
Assistant Lecturer / Researcher (Full-Time) <i>Zagazig University (ZU)</i>	Mar 2014 – Sept 2016 <i>Zagazig, Egypt</i>
Demonstrator (Full-Time) <i>Zagazig University (ZU)</i>	Nov 2009 – Mar 2014 <i>Zagazig, Egypt</i>
Design and Layout Engineer (Part-Time) <i>Technology Innovation and Entrepreneurship Centre (TIEC)</i>	Jan 2012 – Sept 2012 <i>Giza, Egypt</i>

Teaching Experience

Assistant Professor, ZU/UH/ECU

- Analog and Mixed-Signal IC Design
- Electronic Circuits and Basic Electronics
- Digital Circuit Design
- Electronic Design Automation (EDA)
- RF Microelectronics
- Electrical/Electronic Measurements
- Internet of Things (IoT)

Postdoctoral Fellow (Teaching Contribution), KFUPM

- Integrated Circuits Analysis and Design (contributed to Cadence-based IC design laboratory sessions)

Student Supervision

- Supervised five graduate students (three Master of Science and two Doctor of Philosophy) in analog and mixed-signal IC design and biomedical systems, contributing to research publications.

Education and Training

Ph.D. in Electronic Science and Technology

Sept 2016 – Sept 2021

Shanghai Jiao Tong University (QS: 36), China

Thesis: *On-Chip Implementation of a Power-Efficient Analog Gaussian Kernel Neuron for Artificial Neural Network Classifier*

M.Sc. in Electronics and Communications Engineering

Sept 2011 – Mar 2014

Zagazig University, Egypt (GPA: 3.90/4.00)

Thesis: *Current Conveyor Circuit Based on CMOS Converter for Low Voltage and Low Power Applications*

B.Sc. in Electronics and Communications Engineering

Sept 2004 – May 2009

Zagazig University, Egypt (Excellent with Honors 86.49%, Ranked #1)

Professional Training

2025

Mastering Edge AI Design Flows Workshop, Interdisciplinary Research Center for Communication Systems and Sensing (IRC-CSS), 4-day intensive program.

Honors, Awards, and Grants

1. IEEE ISSCC Student Research Preview (SRP) Poster Award, 2022.
2. KFUPM Postdoctoral Excellence Award (Runner-up, Distinction), 2025–2026.
3. Certificate of Appreciation for serving as a Volunteer in the 2025 IEEE SSCS Arduino Contest, IEEE Solid-State Circuits Society (SSCS), 2025.
4. Certificate of Appreciation for serving as a session chair at ICEEE and supporting the organization of conference sessions, 2025.
5. Certificate of Appreciation for contributions to the Mawhiba Academic Enrichment Program 2025 at KFUPM (Electronics Laboratory assistant; training and supervision support).
6. Certificate of Presentation for author contributions to papers presented at ICM 2024 (Doha) and ICEEE 2025 (Istanbul).
7. Grant from XFAB and BICASL to fabricate integrated chips (2016–2020).
8. Grant from Shanghai Jiao Tong University to pursue the Ph.D. degree (2016–2021).
9. Grant from MOSIS Company under MOSIS Education Program (MEP) to fabricate a chip (2013–2014).
10. Ideal Teaching Assistant, Electronics and Communication Engineering Department (2010–2014).
11. ITIDA grant for graduation project through collaboration between companies, universities and research centres (2009).
12. Ranked #1 at ECE Department and 4th at the college level (2009).

Presentations

1. Invited Seminar Speaker, “From Optimization to Signoff: An Automated Spectre-Integrated Workflow for Robust CMOS Analog Circuit Design with Verification and Validation,” Electrical Engineering Department, IRC for Communication Systems and Sensing, KFUPM, Saudi Arabia, March 31, 2026.
2. Invited Seminar Speaker, “Silicon-Based CMOS Integrated Circuits for Low-Power Sensing Applications,” Department of Electrical Engineering, College of Engineering and Physics, KFUPM, Dhahran, Saudi Arabia, Nov. 5, 2025.
3. Presenter, IEEE International Conference on Electrical and Electronics Engineering (ICEEE 2025), Istanbul.
4. Presenter, “Design and Characterization of a Configurable Current Conveyor Circuit,” ICM 2024, Doha, Qatar.
5. Presenter, “A Power-Efficient and Re-Configurable Mixed Mode Artificial Neural Network Classifier,” ISSCC-SRP 2021, USA.
6. Presenter, “A Generic Nano-Watt Power Fully Tunable 1-D Gaussian Kernel Circuit,” ISICAS 2020, China.

7. Presenter, “Untrimmed CMOS Nano-Ampere Current Reference with Curvature-Compensation Scheme,” ISCAS 2019, Japan.
8. Lecturer, “Solar Energy System,” High Institute of Technology, Zagazig, Egypt, 2015.
9. Lecturer, “Arduino Workshop,” Zagazig University (ASC activities), 2015.
10. Lecturer, “FPGA and VHDL,” IEEE Robotics and Automation Society (RAS), Zagazig Student Branch, 2014.
11. Talk, “Mini-Electronic Projects,” IEEE-ZSB, Zagazig University, 2014.
12. Thesis Presentation, Zagazig University, 2014.
13. Presentation, “IC Layout Design,” Zagazig University, 2012 and 2013.
14. Presentation, Association of Egyptian American Scholars 37th Annual Int. Conf., Zagazig University, 2010.
15. Presentation, 4th forum of ITAC research cooperation initiative, Egypt, 2010.
16. Presentation, Egyptian Engineer Day (EED), graduation project, Nasr City, Egypt, 2009.

Selected Projects

1. **Project No. INCS2613: Prototype of an Ultra-Low-Power Analog Front-End Circuit for Wireless IoT Monitoring** (2026–2027)
2. **Project No. INCS2610: Prototype of a Low-Power Wearable IoT-Based Multi-channel Hemodynamic Monitoring System** (2026–2027)
3. **Project No. INCS2501: Integrated RF–DC Rectifier for Energy Harvesting** (2025–2026)
4. **Hardware Community Leader: IoT-Based Healthcare System Development** (2025–Present)
5. **On-Chip Analog/Mixed-Signal Artificial Neural Network Implementation** (2017–2021)
6. **Analog Front-End for PPG Acquisition System** (Supervisor, 2023–2024)
7. **Power Management Integrated Circuit** (Supervisor, 2022–2023)

Additional Projects:

- On-chip implementation of analog neuron circuits, low-dropout voltage regulators, successive approximation register analog-to-digital converters, bandgap reference circuits, amplifiers, filters, voice activity detectors, level shifters, and CMOS current sources
- PRBS generator for high-speed transceivers, robotic systems, RFID-based control systems
- FPGA-based MIPS processor, steganography algorithm (MATLAB), ASIC switching regulator

Personal Skills

Mother Tongue: Arabic

English: IELTS 6.0; (British Council certificate)

Membership and Volunteering

- Volunteer, IEEE Solid-State Circuits Society Arduino Contest, 2025-2026
- Session Chair, IEEE International Conference on Electrical and Electronics Engineering, 2025
- Member, Engineering Syndicate of Egypt
- Member, Activities of Science Clubs
- Member, Zagazig Student Branch activities (student skills development)
- Volunteer, Resala Charity

Computer Skills and Competences

Technology: IC design, fabrication, and testing using IBM 0.13 μ m, XFAB 0.18/0.35 μ m, and SKYWater/SKY130.

Software: Cadence flow, Virtuoso Layout, Skill scripting, Calibre, OrCAD, Proteus, ISE, Visual Studio, L-Edit, Circuit Maker, CodeVision, MATLAB, C/C++, Python, Verilog, VHDL, LabVIEW, Altium, Xschem, Ngspice, Magic, open-source tools.

Hardware: FPGA (Spartan3E), Atmel microcontrollers (C), PCB, Arduino/ESP.

Microsoft Office: Word, Excel, PowerPoint, Outlook.

Academic Referees

Prof. Munir A. Al-Absi — Professor, Department of Electrical Engineering, King Fahd University of Petroleum and Minerals (KFUPM), Dhahran 31261, Saudi Arabia. Email: mku-laib@kfupm.edu.sa, Phone: +966-3-860-3696

Prof. Wang Guoxing — Professor, Department of Micro-Nano Electronics, Shanghai Jiao Tong University, China; Secretary of the Party Branch, Department of Micro-Nanoelectronics; Vice Chairman, IEEE Circuits and Systems Society; Chief Editor, IEEE Transactions on Biomedical Circuits and Systems. Email: guoxing@sjtu.edu.cn

Dr. Yongfu Li — Associate Professor, Department of Micro-Nano Electronics, Shanghai Jiao Tong University, China; IEEE Circuits and Systems Society Board of Governors (Region 10); Associate Editor, IEEE Transactions on Biomedical Circuits and Systems. Email: yongfu.li@sjtu.edu.cn

Dr. Qi Liang — Assistant Professor, Department of Micro-Nano Electronics, Shanghai Jiao Tong University, China. Email: qi.liang@sjtu.edu.cn

Dr. Mahmoud Ali — Assistant Professor, School of Mathematical and Computer Sciences, Heriot-Watt University Dubai, UAE. Email: M.Mousa@hw.ac.uk, Phone: +971-502480694

Dr. Shaimaa Ahmed Elsaid — Associate Professor, Department of Computer Engineering, College of Computer Engineering and Sciences, Prince Sattam bin Abdulaziz University, Al-Kharj 16278, Saudi Arabia. Email: sh.ahmed@psau.edu.sa, Phone: +966-570147566
